Education

The University of Adelaide **Australia**
Bachelor of Computer Science, GPA: 6.5/7.0 *2022 Jan – 2024 Dec*

Experience

Global Technology Integrator Ltd. **Hong Kong**
System Engineer *2021 Aug – 2021 Nov*
I spearheaded the automation of tasks by writing a series of BAT scripts, allowing parallelization and reduced human resources needed. Though this was not included in my job scope, my actions were greatly appreciated by my superiors as we had a staff shortage.

Projects

MATLAB Minigames **Australia**
MATLAB *2022 Apr – 2022 May*
Multiple minigames within MATLAB including minesweeper and blackjack.

Pokemon battles **Australia**
C++, Make, LaTeX *2022 Sep – 2022 Oct*
My team and I created a text-based, turn-based, player vs. computer Pokemon battle game. The player can choose from a selection of Pokemon and battle against a computer-controlled opponent.

Community involvement

Clubs

The Computer Science Club at The University of Adelaide **Australia**
Committee Member *2022 Dec – Present*
I frequently engage with the community to gather how we as a club can improve and often give suggestions for new events.

The Cooler CS Club **Australia**
Vice President *2022 Mar – Present*
As the VP, I am always there to help my fellow committee members and members of the club with anything they need. I also participate in active conversation to create a welcoming environment for all.

Miscellaneous

The University of Adelaide **Australia**
