Education

The University of Adelaide **Australia**
Bachelor of Mathematical and Computer Sciences, GPA: 6.33/7.0 *2022 Feb – 2024 Nov*
Majoring in Distributed Systems and Networking

Experience

Global Technology Integrator Ltd. **Hong Kong**
Network / System Engineer *2021 Aug – 2021 Nov*
- Spearheading the automation and parallelization of our tasks, including account migration and registry modification
- Helping resolve our staff shortage by reducing the manpower and time required for each task
- Taking the position as a mentor for new staff, helping them understand the technology that we're using

Projects

Binary Search on Color (`tinnamchoi.github.io/projects/bsoc`) **Australia**
HTML, CSS, JavaScript *2023 Mar – Present*
- Using the binary search algorithm to find the color that is closest to the user's desired color with accurate RGB values
- An attempt to combat indecisiveness when it comes to choosing colors

The Sound of Personality (`tinnamchoi.github.io/projects/tsop`) **Australia**
JavaScript, Spotify API *2023 Mar – 2023 Mar*
- Figuring out and troubleshooting the Spotify API to estimate the user's MBTI type based on their music preferences
- Boosting team morale by encouraging everyone to ensure that we are all motivated to work on the project
- Demonstrating quick learning skills with my swift adoptation of the API despite it being my first time dealing with APIs

Negative Base Converter (`tinnamchoi.github.io/projects/nbc`) **Australia**
HTML, CSS, JavaScript *2022 Nov – Present*
- Web app that converts numbers from any base to any other base, including negative bases
- Which have the unique property of being able to represent all positive and negative numbers without using a negative sign
- Researching an algorithm that can deal with the conversion properly when it comes to fractional numbers

Volunteering

Adelaide Rover Team **Australia**
Software Developer *2023 Jul – Present*
- Efficiently organize and structure projects, employing best practices for seamless coordination and optimal outcomes.
- Consolidate constants into a centralized config file for streamlined management and easy access.

UNIHACK **Australia**
Organizer *2023 Apr – Present*
- Logistics and marketing, creating the Adelaide Hub for 2024

The University of Adelaide Computer Science Club **Australia**
Committee Member *2022 Dec – Present*
- Updating our website to provide up-to-date information regarding our events

Skills & Achievements

Languages

Proficient: C++ **Intermediate / Beginner**: Bash, C, CSS, HTML, JS, LaTeX, MATLAB, Python
Human: English (fluent), Cantonese (native), Mandarin (advanced), German (beginner)

Prizes

Subject prize: Information and Communication Technology 2021 *Achiever of the best results amongst peers*

Scholarships

University of Adelaide: 30% Global Citizens Scholarship *Best possible scholarship for international students*
